

Spa element Harvia Spa Modules Tulipe

SMST25

Harvia shower modules are uniquely designed concepts to enrich the shower experience. The Tulipe shaped shower brings the natural beauty of the tulipe flower right in your home or spa. Tulipe design creates a pleasant shower space, and the shower modules can easily be combined into impressive and functional schemes. The diameter and height of Harvia Tulipe can be customized as per your needs and requirements. Harvia shower modules are easy to install and are suitable for homes and spas alike. Delivery content includes only spa module elements. Inner and outer tiles, door or other features are not included.
